

REDI Interest Form
(Attach additional pages if needed.)

Name _____

Email _____

Address _____

City State Zip _____

Phone _____

(If possible, please leave a number at which we can leave a message.)

Are you presently developing a wind electrical generation project? YES NO

(If yes, please proceed to page 2)

If NO, are you interested in... (select those that apply)

- Learning more about wind energy in general and how it works
- Learning more about an existing project under development– please describe

- Learning more about leasing your land to project developers
- Learning more about the potential for developing a project on your property
- Exploring the potential to be involved in developing a project in your area

If you are interested in exploring the development of a project, please answer the following questions, as you are able.

- Are you aware of others in your area who might be interested in exploring a project? If so, how many people/organizations are interested?

- Do you have a particular location in mind for developing a project?
If yes, please list the approximate location.

- Do you have an idea of the size of project you might be interested in?
(number of turbines, size of turbines, number of megawatts, etc.)

If you are presently developing a wind electrical generation project:

- Are you the contact person (if not, who is)? _____

- When was project development initiated? _____
- Where is it located? _____
- How many megawatts does it involve? _____

How many people and/or organizations are involved with the development in terms of:

- Landowners with turbine easements _____
- Owning partners (if organizations are involved, please specify)? _____

Please describe what stage you are at in project development relative to:

- Securing wind rights _____
- Wind assessment _____
- Legal Structure _____
- Identifying market (purchasing utility) _____
- Permit Procurement _____
- Additional steps already taken toward construction _____

Thank you!
